ABOUT ME

I am self taught programmer and enthusiastic learner in computer science. I am in this freelancing market for the past 2 years in different domains and have earned a great reputation.

I have a passion for coding and get most enjoyment from solving problems with writing performant/maintainable code and sharing knowledge. I'm confident, naturally curious, and perpetually working on improving my chops.

EXPERIENCE

WEB & MOBILE FULLSTACK DEVELOPER @EmpreWebs

OCT 2020 - MAR 2021

- Worked closely with our UI/UX designers in creating web and mobile applications that served the needs of our clients using React.
- Develop mobile apps using React Native and Expo.
- Single-handedly design & develop databases with MySQL and MongoDB.
- Single-handedly develop backend with JavaScript using Express and NestJS.
